

My Success Story

Name: CHLOE SQUIRES

Programme: KICKSTART
LIFE

My name is Chloe Squires and I came to TBG Learning in March 2009.

I came to TBG because I was unemployed and was struggling to get into college to train as a student veterinary nurse. At school I only managed to gain a GCSE D in English, to be able to go to college and carry out my training I required a GCSE C, this is where TBG could help me.

I started at TBG and worked hard on my Literacy and Numeracy, with the help and support of staff I sat my exams and passed first time.

On July 21st 2009 I attended an interview for a Business Administration role with a security firm, I was offered the job and started work on the 27th July 2009

I would still like a career as a Veterinary Nurse and with my qualifications I achieved at TBG I am now in a better position to pursue that option.

I would like to thank all the staff at TBG Learning
